PRECISION IN DETAIL

Whether it's a full scale renovation, home addition or new home design project, Optibuild Design will make your renovation dreams come true.

Located in Oakville, ON, Optibuild Design Inc. is a full service residential design and build contractor. With 3 decades of experience, you can be certain with Optibuild Design your renovation project will be done right.

OPTIMIZE YOUR PROJECT DOLLARS AND BUILD WITH OPTIBUILD!

We provide a full range of services from initial concept and design to completion.

- Conceptual design, drawings and renderings
- Architectural drawings and building permits
- Full construction and project management services
- Interior Design services
- Other services include landscape design and construction

Through every step of the process, from concept to completion, we are there to make your building experience a positive one.

OPTIBUILD DESIGN

uses qualified subcontractors who are not selected based on price, but by the quality of their work and reputation.

We require all our trades be licensed and insured.
No exceptions.

CALL US AT **905-464-2261**
BEFORE YOUR NEXT BUILDING
PROJECT!

"We were thrilled with the quality and workmanship that was delivered and having it ready when promised."
